ROYAL SOVEREIGN® SHINGLES

Choosing The Best-Looking Shingle For Your Home

Some people think all strip shingles look pretty much alike. Not so! At GAF, we've gone to great pains to make Royal Sovereign® the most beautiful strip shingle you can install.

But don't just take our word for it. GAF asked an independent research firm to survey homeowners about whose 3-tab shingles they preferred. The result: More homeowners preferred the look of Royal Sovereign® shingles to the other leading brands! And the #1 reason cited by homeowners? Royal Sovereign's color blends.

Here's just a sampling of what these real homeowners said about Royal Sovereign® shingles:

"It has more vivid color, it is a more vibrant color... not faded."

"...looks clean, looks classier."

"Looks more natural [than the others] because of the colors."

"...stands out better than the other ones, I like the color, it is brighter."

"It looks rich and very durable."

Autumn Brown

The GAF Smart Choice® Weather Stopper® System has earned the prestigious Good Housekeeping Seal, which means that Good Housekeeping stands behind the products in this system. (Refer to Good Housekeeping Magazine for its consumer protection policy.)

Royal Sovereign® shingles combine a simple, timeless beauty with GAF's Advanced Protection™ technology...

for HOMEOWNERS

- **Homeowner Favorite...** In a recent blind comparison test, more homeowners preferred the look of Royal Sovereign® to any other strip shingle (see sidebar on next page).
- **Proven Quality...** Over 10 billion Royal Sovereign® shingles have been installed in North America—enough to circle the Earth 12 times if they were layed end to end!
- **Advanced Protection™ Technology...** Minimizes the use of precious natural resources while providing superior protection for your home (visit www.gaf.com/aps to learn more).
- **Looks Great...** Color Lock™ ceramic firing process (similar to fine china) maintains true color longer.
- **Stays In Place...** Passes the industry's two toughest wind tests: ASTM's 110 mph and 150 mph wind tests.
- **Superior Performance...** Extra-strong Micro Weave® Core provides longer life and extended durability.
- **Safer...** Class A fire listing from Underwriters Laboratories—the highest rating possible.
- **Great For Resale...** Long-lasting beauty increases your home's resale value.
- **Peace Of Mind...** 25-year ltd. transferable warranty with Smart Choice® Protection (non-prorated material and installation labor coverage) for the first five years¹.

¹ See ltd. warranty for complete coverage and restrictions.

ROYAL SOVEREIGN® SHINGLES

The Favorite Of Professional Contractors...

Andrew Ferrara is the owner of A-Top Roofing, in Manalapan, N.J. He's just one of the many thousands of professional contractors that use Royal Sovereign® shingles. Here's what Andrew told us about Royal Sovereign® shingles:

"It's a great product that is consistently reliable and stands up and seals better than any other 3 tab shingle. It's a truly reliable shingle, that's for sure!"

Note: It is difficult to reproduce the color clarity and actual color blends of these products. Before selecting your color, please ask to see several full-size shingles.

Royal Sovereign® shingles are the most-preferred fiberglass strip shingles in their class among contractors and builders...

for PROFESSIONALS

- **Trusted For Over 50 Years...**
Royal Sovereign® is the most-preferred fiberglass 3-tab shingle in its class among contractors and builders—for over a half-century!
- **Great For Reroofing...** More sturdy than standard shingles, so they look great even when installed over an existing roof.
- **Superior Performance...** Extra-strong Micro Weave® Core provides longer life and extended durability.
- **Stays In Place...** Dura Grip® adhesive seals each shingle tightly and reduces the risk of shingle blow-off.

Smart Choice® WEATHER STOPPER® SYSTEM

Quality You Can Trust... From North America's Largest Roofing Manufacturer!™

www.gaf.com

ADVANCED PROTECTION™ SHINGLES

GAF offers you many great choices, including **Timberline®** shingles with Advanced Protection™ Technology. They're the #1-selling shingles in North America!

Advanced Protection™ Technology results in superior protection for your home, while reducing the use of precious natural resources. That's better for your home—and better for the environment!

To learn more about why Advanced Protection™ shingles are your best choice, visit www.gaf.com/aps.

LEAK BARRIER

Weather Watch® and **StormGuard®** provide exceptional protection against leaks caused by roof settling and extreme weather. Ideal upgrade at all vulnerable areas (including at the eaves in the North*).

DISTINCTIVE RIDGE CAP SHINGLES

Similar to the way that a distinctive frame enhances a painting, **Timbertex®** and **Ridglass®** can enhance the beauty and value of your home—while guarding against leaks at the hips and ridges.

EFFECTIVE ATTIC VENTILATION

Cobra® and **Master Flow®** vents help remove excess heat and moisture from your attic that can raise your energy bills, cause premature peeling of interior paint and wallpaper, and even affect your health.

*In the North, building code requires the use of Leak Barrier at the eaves.

ACCESSORY PAINT

ShingleMatch™ premium roof accessory paint is a great option to help you "hide" unsightly roof accessories by making them blend in with the color of your shingles... for a better-looking finished roof.

ROOF DECK PROTECTION

"Breathable" **Deck-Armor™** allows moisture to escape from your attic while providing an exceptionally strong layer of protection against wind-driven rain. It also lays flatter for a better-looking roof. **Shingle-Mate®** also provides great protection for your roof.

PRE-CUT STARTER STRIP SHINGLES

WeatherBlocker™ or **Pro-Start™** are a great upgrade option for rakes and eaves. They save time, eliminate waste, and reduce the risk of blow-off...and may even help qualify for upgraded wind warranty coverage (see ltd. warranties for details).

RELIABLE LOW-SLOPE SYSTEMS

Liberty™ and **Freedom™** commercial-grade self-adhering roofing systems are exceptionally dependable! They're safer too, because no open torches or hot asphalt are used.
